I am pleased to confirm that Habibllah Ayodele is enrolled at the African Leadership University (ALU), a pan-African tertiary institution located in Kigali, Rwanda. Our educational cycle is on a trimester basis, with a required internship trimester (8-12 weeks full time internship) as part of a student's programme of study.

Please note that as part of our practice-based approach to learning, our students do 2-4 month internships every year with organizations, such that they graduate from our undergraduate program already with a year of experience. The purpose of this experience is to immerse them into the professional world and give them a space to practice the leadership skills they have been learning on campus.

This is also to confirm that all ALU programmes and courses are offered in English.

Should you have any further questions regarding this student's registration status, please do not hesitate to contact the Registrar's Office at registrar_rw@alueducation.com.
